

About

The Nashville Leadership Luncheon is one of the region's premier events on the topic of leadership. Each spring and fall, entrepreneurs and senior-level executives, from both for-profit and not for profit organizations, as well as those who are interested in advancing their leadership skills, gather at Bridgestone Arena for a first-class experience. The title partners for the event are the Nashville Predators and the Bridgestone Arena

The luncheons feature compelling Keynote Speakers, addressing a specific aspect of leadership that they have mastered and what that has looked like along their journey. Attendees have enjoyed hearing from leaders like Jeremy Affeldt, World Series Winning Pitcher from the San Francisco Giants, Barry Trotz, former Nashville Predators Head Coach, and Joe Scarlett, former CEO & Chairman at Tractor Supply Company.

Each Nashville Leadership Luncheon also features a first-rate panel discussion, with each panelist breaking down a particular element of leadership topic. Attendees have the opportunity to hear about how these leaders have made mistakes and course corrected, as well as how they were able to influence their teams to achieve great things. The panel presentations are followed by a time with the audience for Q&A.

Countless business relationships have been formed as a result of attending the luncheons. This setting provides a great environment to foster and grow connections. Attendees can expect to experience a first-class event with excellent food, warm southern hospitality, a unique, dynamic environment and real leadership tools that can go to work with you as soon as you leave your seat and head back to the office.

"For the last two years I have attended the Leadership Luncheon hosted by Blain Wease. I wasn't sure what to expect year one, but I was truly touched and inspired by the speakers sharing their leadership techniques and principles.

Year two was even more powerful since I knew what to expect and was prepared to write everything down. No matter where a leader is on their journey, to be surrounded by your peers, in an open forum, is like working out with a great coach. And if you're a leader that feels that you don't need a coach.... Let me remind you, Jack Nicklaus had one his entire career."

Scott Hamilton | Olympic Gold Medalist
